

We are pleased to announce the launch of the following Project Share course

ESC 13 Technology Applications TEKS PD – Grades K-2

Who: This course is designed for grades K-2 classroom teachers. Instructional Technologists and all other educators are welcome. However, the course requires both the design and delivery of an integrated learning experience in a K-2 classroom. **If you are not currently teaching in a classroom setting, you are expected to partner with a teacher in the classroom for the purposes of this course.**

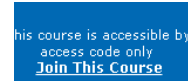

When: *Registration Begins August 2nd, 2012. Class starts on August 30 and ends on October 11th, 2012*

This course is: *Facilitated*

Joining an *Open Course in Project Share

Visit the following URL <http://www.epsilen.com/crs/12111293>

ACCOUNT SUPPORT

Your account was created by your school district. This is done **ONE TIME** and does **NOT** need to be recreated if you change locations. The account created for you is yours for life and transfers with you from place to place.

- Get your account information <http://www.epsilen.com/Epsilen/ReActivate.aspx>
- Transfer your account to a new district
- Merge your account(s) in the event of duplication
- Getting started with the main tools
